Dear Mr. Nedev

I would like to thank you and your team for providing us products that we needed for our project. We requested from you steel balls for drum mills, which we used as decorative fences elements. As promised you delivered us steel balls from company GSI Lucchini S.P.A. Italy with perfect quality and with characteristics suitable for our purposes.

To be honest your company exceeded our expectations as supplier of this kind of products. Actually the key factors for choosing to work with you and Kalisto01 Ltd were your in-depth products knowledge, dedication to our needs and requirements, as well as your ability to supply BBProject Ltd with steel balls that we needed within the means of our budget. Through the years we have learned to appreciate the high levels of services and professionalism of our product suppliers and you as such did not disappointed us.

Your steel balls have with perfect quality and cover all European standards for milling industry. We strongly recommend company Kalisto01 as trusted partner, which offering good services and high quality products.

Sincerely
